H. F. Singer, the proprietor of Singer's bakery on King street, between Alapai street and Thomas Square, states that this morning at about 2:39 clock a man came to the bakery and asked if Singer was at home. The boys, whom the atranger addressed, answered in the affirmative, whereupon the stranger hurried away in the di-rection of Waikiki. Singer says that the description which these boys gave him of the nocturnal visitor, answered to that of Jones.
